

PCN – Product Change Notice

PCN #: 061107

Date: Nov 7, 2006

To Our Valued Customers:

We appreciate your use of V•I Chip products. Our commitment to customer satisfaction and continuous improvement is demonstrated by our plans to enhance quality, reliability and manufacturability. The purpose of this notice is to inform you of a change in the appearance of V•I Chip product markings.

PCN Type:

Form (visual), does not affect fit or function

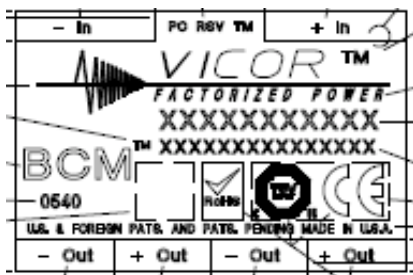

Product(s) Affected:

All V•I Chip PRMs, BCMs, and VTMs

Proposed Change:

All V•I Chip product markings will include updated patent information and a new V•I Chip logo in place of the Vicor logo. The location of pin function markings, agency logos, model number and serial number will not change.

Existing Style V•I Chip Marking

New Style V•I Chip Marking

Reason(s) for the Change:

The part marking is being changed to reflect the latest style of logo and patent information on V•I Chip products.

Customer impact:

None; there are no changes to fit, function or installation of any V•I Chip products. Shipment of both style labels may occur after the effective date of change until the existing stock is depleted.

Effective date of change:

Products manufactured starting in December of 2006 (date code 0649) will use the newer style marking.
